

## **DMIX INTERNATIONAL MOBILE WORKSHOP ON VAN WITH LADDER** **Mounted on Iveco Daily 35C15 VH H2**

### **TECHNICAL SPECIFICATIONS OF INSIDE ARRANGEMENT:**

Long the left side wall (**ANNEX A**), a working bench having suitable dimensions: The bench is 1 m long with multiplex work top 20mm thickness, provided with overhead lamps and 100mm vice and has open and closing doors and internal shelves for containing various materials, with (no. 6) plastic basins.

Long the right side wall (**ANNEX B**), a structure with suitable dimensions is constructed and composed of:

Shelves for storing goods with (no. 30) plastic basins  
Top for storing various material

Floor with good insulation in wood 9mm covered with alluminium checkered anti-slip plate.

Openable windows between the driver cabin and the workshop.

In the top of the roof, inside the workshop, special protection against high temperature.

### **EQUIPMENT**

Bench with 3 foldable seats located behind driver cabin.

Extension fiberglass ladder, 6,465 mt long and 11,79 mt full extending (**ANNEX C**), fixed with a system to lift the ladder above the van's roof.

### **ADDITIONAL EQUIPMENT**

- n.1 first aid kit
- n.1 fire extinguisher 6 kg
- n.1 water tank 20 l with tap
- n.2 batteries black light lamp
- n.2 reflecting signals for traffic safety

### **GENERATING SET – ENGINE DRIVEN WELDER WITH ACCESSORIES (made in Italy)**

n.1 engine driven welder – portable generating set, composed of asynchronous, three phase alternator, self excited, self regulated driven by petrol engine pull start

#### Main characteristics:

continuous welding current, adjustable 20-150 A  
electrode diameter 4 mm  
maximum three phase power: 5 KVA at 380V, 50 Hz  
maximum single phase power: 4 KVA at 230V, 50 Hz  
sound level: 71 dBA a 7 m

#### Also supplied:

10+8 m of cable with clamp and electrode holder  
protecting mask  
bush  
scaling hammer  
protection gloves

### **ELECTRICAL SYSTEM FOR LIGHTING AND DRIVING POWER**

Composed of:

n.3 neon lights, 20 Watt power each, protected in suitable shock proof ceiling lamps  
n.1 main panel with lighting and driving power switches and plug for connecting the unit to the generator or an external network if available.  
n.3 panels with 220 Volt sockets  
n.1 portable electric lamp with 15 m of cable in automatic reel winder  
All the electrical connections are protected by plastic coverings with inspection boxes according to EEC regulations.

### **ELECTRIC COMPRESSOR WITH ACCESSORIES (Made in Italy )**

n.1 electric air compressor, capacity 234 l/1', working pressure 10 atm.  
Air tank capacity 50 l.  
On the tank the following are installed: safety valve, tap with quick connection for compressed air intake and pressure gauge  
Also supplied:  
n.1 spray gun for air-diesel mixture  
n.1 tyre inflating gun with pressure gauge  
n.1 blow gun  
n.1 6 m air tube in automatic reel winder

### **ELECTRIC TOOL**

n.1 electric drill, for holes 1 to 13 mm,  
n.1 set of bits from 1 to 13mm  
n.1 angular electric grinder with disc diameter 125 mm  
n.1 angular electric grinder with disc diameter 230 mm

### **WORKSHOP EQUIPMENT**

n.2 jacks, bottle type 20 ton  
n.1 trolley for working under vehicles  
n.1 crowbar 500 mm  
n.1 Hacksaw with bi-metal HSS blade  
n.1 Kit of 10 24-teeth blades for Hacksaw with bi-metal HSS blade  
n.1 Professional caliper reading to 0.02mm-150mm  
n.1 Straight Nose EXTERNAL pliers with PVC handle - mm140  
n.1 Bent Nose EXTERNAL pliers with PVC handle - mm140  
n.1 Straight Nose INTERNAL pliers with PVC handle mm140  
n.1 Bent Nose INTERNAL pliers with PVC handle - mm140  
n.1 Soft Run Combination Pliers - mm160  
n.1 Pump pliers 175mm  
n.1 Soft Run Diagonal cutting pliers - mm160  
n.1 Engineer's hammer, Hickory handle 200gr  
n.1 Shear  
n.1 Professional cutter with long blade  
n.1 10 pcs set of spare cutter blades  
n.1 Form with 18 hex sockets + accessories  
n.1 Set of 17 combination wrenches Non Slip  
n.1 Set of 87 double open wrenches Non-Slip  
n.1 8pcs set of hex key wrenches-short model  
n.1 8 pcs set of Slotted and Phillips screwdrivers with anti-slip handle and magnetized blade  
n.1 flat chisel mm 26x240  
n.1 Set of 6 drift punches  
n.1 Dead Blow hammer 35mm  
n.1 Engineer's hammer, Hickory handle 300gr

***Dmix International S.R.L.S.***

- n.1 Oilers 200cc
- n.1 Oil gun
- n.1 Utility brush brass
- n.1 Set of 5 steel files with anti-slip handle
- n.1 Set of 18 pcs oil drain plugs
- n.1 Set of 5 extractor for broken screws and studs
- n.1 Nylon Measuring Tape 3mX16mm
- n.1 X-TRAVELER HANDY
- n.1 Club hammer Hickory handle 2000gr
- n.1 3/4" dr. extension bar
- n.1 3/4" dr. hex socket
- n.1 3/4" dr. hex socket
- n.1 Square with stainless , double metric scale
- n.1 Feeler gauges 20 blades
- n.1 Heavy duty multipurpose scissor
- n.1 Heavy duty mechanical puller with 3 jaws
- n.1 Automatic centre punch
- n.1 Scriber
